**Related subject:** Boundary changes All Saints/ Brambleside

I disagree with the proposed boundary changes. As a resident of William St, I feel our ward has a distinct identity and distinct needs that set it apart from the town centre.

I shop (co op on Hallwoid Rd), socialise (Beeswing and Midland Band Club) and use the park and community garden. If our boundary has to change (and I hope it doesn't) then I believe our ward has more in common and is a better fit with Brambleside than the town centre.

Our ward has a large number of schools, parks, leisure facilities that need supporting properly. If our ward is swallowed up by the town centre none of these will get the support or time they deserve as the town centre, understandably, will divert time and attention.

As a local teacher who has lived in All Saints for 13 years (firstly on King St and now William St) I'm proud of the sense of community that we have: events at all saints, concerts in the oark, fundraisers, hliween spectaculars, etc.
