**Related subject:** Church Pulverbatch

I strongly disagree with the proposal to move Church Pulverbatch Parish Council from The Burnell Ward to The Bichops Castle Ward. Firstly we are twelve miles apart, there is a lot of high ground and a torturous road. We have little in common with Bishops castle, none of the children attend a school there, the primary age children attend Longden Cof E School and the older pupils attend Pontesbury Comprehensive or other local schools. Business wise, Socially, Shopping, Entertainment and Religiously our ties are in local area. The Pulverbatch Parish was in The Condover Hunfred at the time of The Domesday Book. Why can't Bayston Hill Ward have two councillors? We have more in common with The Longden Ward.

The Burnell Ward has served its residents well our current Councillor Dan Morris lives in in parish, he understands our concerns and needs, I am at a loss to see how councillor with little affinity or understanding of our challenges and needs represent us. Therefore I implore you to see reason and let Church Pulverbatch Parish Council remain in The Burnell Ward.
