Related subject: Park Rd Wollaston and Norton

Looking at the draft recommendation proposed by the Labour Party. I feel there could be a more holistic approach.

Including the entire Park Rd into Norton alienates the whole Road from its closest bars, shops and other amenities that Wollaston Village has to offer. Park Rd is just round the corner from the village and far away from the amenities that Norton has to offer. So moving the boundary to the south of Park Rd will be giving it a neater and understandable boundary whilst transfer ring the properties on High Park Avenue and Swan St.
