Comment text:

Related subject: Menston/Shipley

I am a Menston resident of over 20 years. Our services and local facilities are split more or less equally between Otley, Ilkley and Guiseley.

The existing boundaries are absolutely fine and a major reorganisation at this point is a waste of money and distraction from the issues we all face.

In particular, local MPs are pushing for a council overlapping their constituencies. This makes no sense whatsoever since the links between e.g. Menston and Keighley are much less than between Menston and Bradford.

Keep the boundaries as they are please
