Comment text:

Related subject: Baildon Ward and Bradford Council

Ideally, Baildon ward would include the Lower Baildon / Coach Road area (all on the north bank of R. Aire) as this is socially and geographically part of Baildon.

I hope that Baildon will remain as part of Bradford District Council area as much of the wealth of Baildon was created historicaloly through the textile industry of Bradford and many Baildon residents are pleased to be a part of Bradford today so as to benefit from the cultural diversity and creativity of our city.
