77 years a Baildoner , since Baildon was incorporated into Bradford MDC in the early seventies the level of service and support for the village which BMDC has allowed to develop into badly maintained urban sprawl has risen to an unacceptable level . BMDC concentrates on its inner city areas , with no thought for outlying areas such as Baildon . Roads are a disgrace , investment none existent . I would urge the Boundary commission to propose that Baildon and Shipley be moved out of the control of Bradord MDC
