Related subject: Bowling/barker ends and Tong

People on the right hand side of Sticker lane do not class themselves as Bowling or Barkerend. We mostly stick to the the Tong district and this also includes dick lane. bowling and barkerend are too far to have any meaningful impact on people of this area.

The boundary should be straight down the a6177 sticker lane so tong starts there and not a portion of dick lane in to Tyersal.

Being residents of this ward at current we are not given any funding as it all goes to the more central area of bowling barker end.
