1. In line with the draft proposals, the boundaries of Bagshot, Windlesham and Chobham division should not be changed. These are co-terminus with the borough wards of Bagshot and Windlesham and Chobham. The borough wards boundaries are deeply resented by the population of Windlesham. There is huge local support, and demand, for ward boundary changes in order to re-create the borough ward of Windlesham. Changing the division boundary would make the future ward boundaries change more complicated.
2. The Surrey Heath Borough Council ward boundaries relating only to Bagshot and Windlesham and Chobham wards should be urgently reviewed. The 2017 borough ward boundaries review was conducted without consulting people in Windlesham. The village, which is a very strong, united community, was split between two borough wards. This led to people here being unrepresented at borough level, as the pieces of Windlesham were unfamiliar to the ward councillors. Village residents' opinion is overwhelmingly in favour of a borough boundary review for this area, comprising Bagshot, Windlesham and Chobham villages.
