As a borough councillor in Camberley West, I think there is a strong case to be made for renaming the Camberley West district to 'Camberley West & Frimley'. This is because the district includes the majority of Frimley ward, which is a distinct town from Camberley. Frimley has independent features including its own high street and train station, and it is separated from Camberley by the M3 motorway. Residents will identify more with the division and their County Councillor if the name of the division correctly reflects its boundary. A name change would also help Frimley residents to identify their correct representative, as confusion could occur with the neighbouring division, which is named after the separate Frimley Green village.
