**Organisation Name:** Chelmsford Garden Community Council (Representative of parish/town council)

## Comment text:

Chelmsford Garden Community Council has no particular view on the number of Councillors within Essex County Council but following the Community Governance Review that set up this Council, it would wish the boundaries of wards in this area to be reconsidered. At present this Parish falls across 3 County Wards and the Council contends that it would be more efficient if the Essex County Council ward boundaries were consistent with the boundaries of this Parish.
