Related subject: New Mills NW1

I understand there is a proposal from DCC to move polling district boundaries and move part of New Mills NW1 into Whaley Bridge polling area. I am writing to strongly oppose this suggestion. Residents in this area (myself included) live in New Mills, not Whaley Bridge. We use the facilities, resources and amenities of New Mills - its schools, library, shops, cafes, arts centre, theatre, heritage centre, Rock Mill Centre, town hall, leisure centre, churches, church halls, cemeteries, allotments, its railway stations, buses, roads etc and need a Councillor to represent us for all of these. We belong to the community of New Mills - and New Mills has a strong sense of community. This proposal would see Swizzels Matlow - the town's largest employer 'move' to Whaley Bridge, and New Mills Art Theatre, and the Rec where New Mills children's sports teams play and compete, all of whom form part of the town's identity. We need a councillor who represents us in New Mills as part of the whole town. The proposal has no logic whatsoever.
