## Comment text:

**Related subject:** Boundary commission

Why should Canvey lose a borough councillor in 2024 this will in effect cause Canvey to have a low level representation especially when other boundaries are keeping and/or increasing there numbers.

In order for the numbers to work more effectively for castle point Is there any reason why bowers Gifford and north benfleet councillors could not be added into Benfleet - Would this make castle point numbers work better but not at the detriment effect towards Canvey residents
