Related subject: Existing boundaries

Much of Crosby was historically part of Manor Ward until it was arbitrarily moved into Victoria Ward a number of years ago.

This change became significant when the Crosby Parliamentary Constituency was disbanded and Crosby was split right down the middle of the main shopping street and the main road through the middle of Crosby (Moor Lane) into the Bootle and Sefton Central constituencies. This means that no one MP has oversight of Crosby as a whole. Due to this, constituents have limited voice as much of their daily lives are undertaken in a different ward/constituency.

The boundaries need to be urgently altered to ensure that the whole of Crosby is represented by the same MP.
