To whom it may concern

I object to the proposed boundary changes that affect Thames Ditton. Thames Ditton currently is connected with Long Ditton and Weston Green and has been for centuries. The matters that affect Thames Ditton also affect Weston Green and Long Ditton as they are in effect one community due to the school catchment areas, the local sporting clubs and the roads which create boundaries.

To break up this community and artificially connect Thames Ditton to Molesey makes no sense as all but would have various negative impacts. The issues that affect Molesey do not affect Thames Ditton. Thames Ditton children do not go to school in Molesey and vice versa. The two areas are divided by a major road which is a natural barrier to cohesiveness. Weston Green is a part of Thames Ditton and it makes no sense to break that away and connect it to another area. The people who live in Weston Green describe themselves as part of Thames Ditton.

I think this would cause untold damage to the community and hope that you listen to the views of the residents.

Regards

[REDACTED]
