Dear Sir/Madam

I am writing to request that you reconsider the proposed changes to the Thames Ditton & Weston Green Division.

Primarily this would unnaturally break up a very long-established community group with shared identity, services, amenities, representation and community initiatives.

There seem to be no benefits in terms of electoral equality or local government effectiveness and convenience that could justify the damage to the identity and interests of our close and active community.

I'm sure you are used to negative reactions to change but in this case I think that a review would lead to the sensible decision to maintain the status quo as there is little or no benefit to breaking up our community in this way.

Kind regards
