Comment text:

Hi

I have been a resident of Thames ditton since 1992 and looking at the proposed changes to the boundaries for the Surrey Council County Divisions I do not believe they are an improvement.

Splitting Weston Green from Thames Ditton, which have been closely connected for centuries, has no logic to it. Your new boundaries do not improve the electoral equality but split two closely aligned communities. Similarly with Long Ditton.

On the other hand Thames Ditton and East Molesey are quiet different areas - separated by a major road, Hampton Court Way. The centres of the two communities are further apart than Thames Ditton and Weston Green.

Please re-review and revert to the original boundaries.

Thank you
