Dear Sir/Madam

We strongly disagree with the recommendations of LGBCE for the way in which it proposes to treat Oxshott. Oxshott is a historic village and has an engaged community of approximately 5000 people. It has an active High Street with a medical centre, schools and a station as well as a variety of shops and restaurants. It is an area surrounded by green belt.

To arbitrarily split the village and community by a line across the main road seems, frankly, a bizarre proposal and very disappointing for long standing residents. Please find another way to keep our own (strong) village identity without swallowing us into another area/name and choosing such an unacceptable split line.

My husband and I respectfully ask you to reconsider this proposal which I think many of our neighbours in the area find rather disrespectful and in complete disregard to the established area. Thank you.

Regards
