## Comment text:

**Related subject:** Oxshott

I object to the splitting of Oxshott into two individual wards under the proposed boundary changes. It is a distinct, separate entity and currently benefits from a being treated as such by the local councillors who work hard on behalf of the residents. The proposed arbitrary boundary line (A244) has not been justified as providing any benefit to the residents, who don't see the main road as a dividing line between two communities. The loss of the name of Oxshott in the proposed boundary change would appear unnecessary and demeans the status of the village within the borough.
