I reject the recommendations of LGBCE for the way in which it proposes to treat Oxshott. As a community, Oxshott has a population of about 5,000+ people. It is a settlement that is largely defined by surrounding Green Belt with its own High Street, its own medical centre, its own schools, sports club , petrol station and its own station. There can be no justification for dividing the community particularly by arbitrarily drawing a line down a main road. And there can be no justification for the obliteration of the name of Oxshott in the LGBCE recommendations.
