I feel that Long Ditton has very strong links to Thames Ditton and that the area should not be split as proposed. Half of Long Ditton has a KT7 post code (ie Thames Ditton like Sugden Rd etc) so many residents think of themselves connected to both areas. Many other bodies consider them selves as the Dittons ie Scouts, Police, Giggs Hill Fair. We have far less connection to Hinchley Wood as further away and do not have joint events etc. So this is in my opinions an absurd plan and should be looked at again.
