**Postcode:** [REDACTED]  
**Organisation Name:** na (Member of the public)

## Comment text:

I strongly oppose the proposal to divide Oxshott in two and erase the name. This represents colonial era decision making for convenience without regard for the local community. Such decision will surely lead to suboptimal and uncoordinated decision making. Who is going to represent the interests of Oxshott village as a whole? I very much hope common sense will prevail and this desktop proposal will be scrapped
