Comment text:

Related subject: Long Ditton and Thames Ditton

I consider that the views of Long Ditton and Thames Ditton coincide with what happens in the two area which does not apply with Hinckley Wood which is in effect and estate of housing which is not the case with the Dittons. There is a closeness between the Dittons wich will not exist between Long Ditton and Hinchley Wood . The same can be said about Thames Ditton and The Molesey areas. This is an exercise in number without consideration of how and why the existing arrangements have and do exist.
