I am not in support of Long Ditton and Thames Ditton being separated per the Surrey draft boundary proposal. I currently live in Thames Ditton postal area and fall within Long Ditton as part of the Dittons. If you now separate Thames Ditton, I will no longer be associated with Thames Ditton for this new SCC boundary, but LD and Hinchley Wood, even though I live in Thames Ditton. Please keep postal addressed Thames Ditton homes all within the Dittons, which are historically linked and not part of Esher as you are proposing to designate now.
Many thanks
