Comment text:

I disagree with the proposed boundary change to separate Long Ditton from Thames Ditton and realign Long Ditton with Hinchley Wood.

Long Ditton and Thames Ditton have been closely linked since the Middle Ages and there are many local facilities and organisations like the Scout Group which serve both the Dittons.

The local residents use the Farmers Market equally in Thames Ditton and Long Ditton and many families have family members living in both Long Ditton and Thames Ditton.

Thames Ditton and Long Ditton Residents Association collaborate on many local issues which serve local communities and this has served us residents well in the past.

There is no good reason to undertake this costly exercise for the sake of doing something and I totally oppose the the proposed change to separate Long Ditton from Thames Ditton in the boundary change exercise.
