I strongly object to the proposed plan to eliminate Oxshott as a ward and divide the village. Not only would this change be emotionally upsetting, as it threatens the unique community atmosphere we enjoy in Oxshott, but it would also have practical repercussions. As residents living just a short walk away from essential services like the medical practice and churches, it's iniquitous to expect us to travel by car all the way to Esher for these services. This would not only be a significant inconvenience but also detrimental to the environment.
