Related subject: Proposed Boundary changes affecting Oxshott

I strongly reject the recommendations of LGBCE as to the way in which it proposes to treat Oxshott. Oxshott is very much a strong local community, that I have lived in for 25 years. Defined by the surrounding Green Belt with its own High Street, its own excellent medical centre, its own schools, and its own station, that would no longer be the centre and focus for community life if it were to be divided up in this way. How can there be any justification for dividing the community by arbitrarily drawing a line down a main road. Especially as the intention is to obliterate the name of Oxshott in the LGBCE recommendations, which forms the soul of our local community and has been in existence since 1179 AD.
