## Comment text:

I am strongly OPPOSED to the Boundary Commission proposals for the revision of the WORPLESDON SCC Division.

South Ash has no community of interest with either Normandy or the rest of Worplesdon and never has.

Jacobs Well, on the other hand, has a long standing community of interest with other Worplesdon Parish villages so to move that to a neighbourhood urban area will reduce not help, community ties.

The suggestions of Surrey County Council , that most of the former L1 Polling District (which is a sub urban area) should be transferred to the neighbouring urban Guildford Division was sensible and should be supported.

The proposal to move Wanborough Polling District to Worplesdon would work as there are clear traffic links (Wanborough Hill) to and from Normandy.
