**Related subject:** Long Ditton

We understand you are proposing to separate Long Ditton from Thames Ditton. We are strongly opposed to this as a resident of Long Ditton. Our community is very much part of the “Dittons” - there are a number of important community links between Long Ditton and Thames Ditton, and it would be wrong to separate them arbitrarily. For example, we share facilities/events/activities such as the nature reserve, the fair, shops and pubs etc. We consider ourselves part of the same community and are therefore very much opposed to any form of separation.
