Related subject: Proposed move of the Abbotswood Area to Guildford East

I agree with Councilor Davidson that the Abbotswood Area should remain in Guildford South East. The Abbotswood area has a strong local sense of community and one that is more connected with and interested in the development of the centre of Guildford. For example Abbotswood residents were very much involved in the awarding of the Green Flag to Stoke Park and resisting plans of developers to encroach on the area. They are also affected by developments at Spectrum.
