Related subject: Long Ditton

I am strongly against your proposal to separate Long Ditton from Thames Ditton and align Long Ditton with Hinchley Wood. This is a waste of time and money to fix an issue that does not exist. 'The Dittons' indicates that Thames Ditton and Long Ditton belong together. The proposed changes would separate Long Ditton from Thames Ditton, communities which have a historical link. Your proposal mitigates against Community identity and interests. Resources between Long Ditton and Thmas Ditton are used by residents of both areas eg. Many Thames Ditton residents use the Long Ditton Green Belt land recreationally (as demonstrated via the Village Green survey). There is a shared Scout Group – The Dittons. The TD Residents Association made a significant financial donation supporting the Village Green campaign in Stokes Field and One Tree Hill, Long Ditton and the LDRA & TDWGRA often collaborate on issues. In practical terms, a single Surrey County Councillor serves The Dittons community as a whole.
