Comment text:

Related subject: The division of Oxshott in half

As a longtime resident of Oxshott I absolutely reject the recommendations of LGBCE for the way in which it proposes to treat Oxshott. As a community, Oxshott has a population of about 5000+ people. it is a settlement that is largely defined by surrounding Green Belt with its own High Street, its own Medical Practice, its own schools and its own Railway station. There can be no possible justification for dividing the community by drawing a line down the Main Road that goes through the middle of the Village High Street. There also can be no justification for the obliteration of the name Oxshott in the LGBCE recommendations.

It would thus cut the community in half to suit LGBCE's arithmetical requirements while giving no thought to the residents of Oxshott.
