**Related subject:** Long Ditton

I disagree with the proposal to join Long Ditton with Hinchley Wood; and I think that Long Ditton should remain joined to Thames Ditton as "the Dittons" for the following reasons, being in summary that Long Ditton and Thames Ditton have a joint community identity whereas Long Ditton does not have a community identity with Thames Ditton, and Thames Ditton does not have a community identity with East Molesey. Long Ditton and Thames Ditton also share community facilities which are best administered jointly. Please see the attached Word File for detailed reasons.
