Comment text:

Related subject: Crosland Moor and Netherton ward

Netherton should be included within the Honley/Meltham wards and not with Crosland Moor/Thornton Lodge. Netherton is a rural village and geographically much more similar to Honley in terms of the issues relevant to us. Our ward councillors main focus seems to be Crosland Moor and they spend very little time here in Netherton. I would like to be represented by councillors who are not torn between two very different areas of our town and constantly prioritising the less affluent area.
