## Comment text:

> Dear LGBC

>

> I wish to support the current Local Government Boundary Commission proposal to keep the Sandhill Ward comprising of Hastings Hill, Grindon, Springwell, and Thorney Close as an existing and compact Ward with its natural boundaries.

>

> To merge Hastings Hill and Grindon with Pennywell and South Hylton just makes no sense to me as you will have a very busy dual carriageway running right through the new proposed boundary.

>

> Residents in the current Sandhill Ward get on very well in the community with its shared facilities such as schools, family and youth centres, bus services etc and have established a great rapport within the estates and it would be a shame to break this up.

> I have lived in the Sandhill Ward for over 40 years and I think it would be detrimental to tamper with the existing boundaries and break up a thriving community.

> I really hope you give this some serious consideration.

> Thank you
