Comment text:

I wish to make the following comments in relation to proposals to change the ward boundaries within the city of Sunderland, particularly in relation to proposals for the south of the city.

In my view the proposed Tunstall and Humbledon ward needs to be modified to keep Sainsbury's supermarket, an important local landmark, within a single ward and to make clearer the boundary between this ward and Silksworth and Farringdon ward.

There is also the issue of Barnes Park - which should not be split in two.

Aside from these points, Tunstall and Humbledon and Barnes and Thornhill both make sense as natural communities and reflect local placenames that people recognise.

I trust you will take these comments on board when finalising your proposals.

Regards,

[REDACTED]
