## Comment text:

Dear Boundary Commission,

I would like to express my dismay at the plans to change ward boundaries in fulwell in 2024.

I feel that the streets between Newcastle road and the railway are an integral part of fulwell that share community facilities like sea road shops and fulwell infant school as well as the Blue Bell pub. I very rarely use the amenities West of Newcastle road or southwick.

I feel the right boundary between fulwell and southwick should be in Newcastle road not the railway line.
