I disagree with the proposed boundaries. The above wards are closer in proximity to Oxford City than Abingdon. Although I live in the Vale of White Horse, i am based 1 mile from Oxford City Centre, I access all amenities in Oxford City, not The Vale.

My proposal is to extend the Oxford City Boundary to encompass the North Hinksey and Cumnor Wards, excluding the southern extremities which would remain in the Vale.

Secondly, it makes no sense to have a boundary running through estates such as Dean Court and Tilbury Fields. Better to have a boundary between wards running down the A34.
