Comment text:

Good morning,

I wish to object to the proposed electoral boundary changes in Stroud, Glos, which would see the Trinity Ward moved into a different division which incorporates Painswick and Bisley. This is completely ridiculous as we are part of Stroud and do not wish to become 'divorced' from being a part of our town, our community. I believe this would have a negative impact on the cohesion of services, facilities and smooth running of our town as a whole and our ward in particular.

Yours faithfully,

[REDACTED]
