## Comment text:

**Related subject:** Trinity ward Stroud

Please don't move this ward into Bisley and Painswick. It's part of Stroud town and should remain part of Stroud as a county division. I understand what you're trying to do but disagree that this is the solution.

As an essentially urban area putting it into a very rural division will make it hard to represent properly. It is my view the changes will unfairly favour the Conservative Party, which would be wrong.
