Comment text:

Related subject: Thrupp- the division and joining up of wards

I would not like Thrupp to be put with the Painswicm and Bisley ward, I would like it to stay as it with with the parts of Brimscombe it is already with. I see no reason to change boundaries and I have always felt part of the community and have more in common with the Brimscombe area than Painswick and Bisley which seem nothing to do with this ward.
