Related subject: Thrupp and Brimscombe

I feel very strongly that Thrupp and Brimscombe should not be separated from Minchinhampton and Chalford. As local residents- we share proximity to A419 and its access roads, local schools, the common, businesses, bus routes, traffic problems, shops, Churches, pubs, classes at local village halls, the canal, and have very similar problems.
We are very much part of our valley and its sides.

We have no affinity with Bisley and Painswick, no easy access route to these more distant places- apart from via Stroud, and have different needs to these more rural areas.

Therefore I feel we need different councillors to attend to our needs.

Please reject this proposed change. We have an amazing local councillor who understands local needs, and wish them to continue to serve us.
