Dear Commissioner

I currently live at Pinders Heath Wakefield [REDACTED] which is in Ward 15 Wakefield Council. Within yards of my property is City Fields, which is a development of 2,500 Houses. However the City Fields development is apparently in Ward 16. So any issues we have had regarding the construction and loss of amenities have not involved our counselors because it belongs to another ward. It would seem more appropriate for some of the houses at City Fields which are closer to Ward 15 to be part of that ward rather than Ward 16.
