**Related subject:** Ward 1 - North Elmsall, Upton an Ackworth

As a resident of Wentbridge I would like to see the village united under one ward, where we are currently split between Ward 1 (North Elmsall, Upton and Ackworth) and Ward 13 (Pontefract South). I feel that we are often forgotten as a small village and our comms can fall between the two wards, where either side assumes the other is addressing the matter.

Regarding which ward I feel Wentbridge should fall into, I personally identify more with the Pontefract area as I use the services and amenities around there, plus the North Elmsall ward looks to be already large and sprawling. However my research suggests that it doesn't matter too much which ward we fall under. It would simply be a clear benefit if we could be consolidated together as a complete village, giving us one voice and one set of district councillors to represent us.

Many thanks for consulting on this matter.
