Dear Sirs/Madam,

I am writing to you to ask you to seriously reconsider the suggestion of the Bromsgrove East revamp of electoral boundaries.

Not only am I a District Councillor but I am also a resident of Twatling Road, Barnt Green. Your proposed changes to the boundary would be that I would be moved out of East division and moved in Beacon where I have no affinity with Beacon or Birmingham and would prefer to be associated with Bromsgrove facing districts and the suggestion would clearly impact on my services as a resident.

I think this shows a lack of thought for the local residents and the impact it would have moving us from a Bromsgrove focus ward to a Birmingham one especially with their awful track record of not managing funds correctly. I want to remain under Bromsgrove.

Best regards

Anita Dale
