I do not agree with the proposal of moving our boundary so that the Butts area of Walsall becomes a part of Rushall/Shelfield. We were a part of Rushall/Shelfield at one time and we were changed to St Matthews ward which makes much more sense. We are far nearer to Walsall town centre than we are to Rushall. We have felt far more a part of the community of Walsall itself since we became a part of St Matthews ward and have had more contact with local councillors in the local area than we ever did when we were a part of Rushall/Shelfield before. We were just an extra bit stuck on the end of the boundary to make up the numbers which is how it would be again.

A definite no from me!
