I am a member of Bloxwich Stafford Road Sports Club which is at the heart of King George V Playing Fields. The club is extremely popular and well used, sports take place on the club pitches and on the playing fields themselves. As the name suggests, the entrance to the club is on Stafford Road. The boundary commission have said that the whole of Stafford Road should be part of Bloxwich East, whereas King George V Playing Fields, which includes Stafford Road Sports Club, should be part of Bloxwich West. To me, this doesn't make sense and as a community we should be part of the same ward with the park - Bloxwich West.
