**Related subject:** Willenhall

I have considered the proposals that have been set out by the Boundary Commission for the Willenhall and Short Heath wards. I strongly oppose the recommendations as set out as they mix two separate communities.

I have lived in Willenhall for over twenty years and Slater Street and Honeybourne Way are not quintessentially part of Willenhall, and not Short Heath. The people of these areas have no connection to Short Heath and see Willenhall Town as their local area, and their children attend Barcroft and St Giles schools.
