Worcestershire County Council is proposing to move the Dodderhill Parish Council's Impney ward out of Ombersley division, into Droitwich East division. As stated in paragraph 79 of the full report:

79 Furthermore, we have adopted the Council's proposal to move electors in the Impney Way area from Ombersley division into Droitwich East division to reflect the community links this area has with Droitwich town. Our recommended Ombersley division is forecast to have a 2% electoral variance by 2029. Dodderhill Parish Council agrees with this recommendation for the reason stipulated, ie there is little evidence of community cohesion between residents of the parish council's Impney ward with the Wychbold community. Impney ward residents have stronger community links with Droitwich town than with the parish.
