I and the am Hazlerigg Parish Council Clerk and following a recent Parish Council meeting, I have been asked to convey the views of the meeting to you. Hazlerigg Parish Council understand that the current Castle Ward boundary is too large and includes too many electors. their proposal is that the new boundary should take in the three villages currently within the ward (Brunswick, Dinnington & Hazlerigg) and that the new ward should be called Castle Ward. The Parish Council's reasons for their suggestion are based on the close ties between the villages and their Parish Councils; the local issues and community characteristics they share and their proximity to each other.
Thank you for considering our submission.
