Related subject: North Swindon St Andrews Ward

To Whom It May Concern

A few years ago our residents raised a petition to break away from the parish of Blunsdon St Andrews to become simply St Andrews Parish with its boundaries mirroring the boundaries of the Swindon Borough Council Ward St Andrews. We, the parish councillors, after extensive consultation with our residents agree with our borough ward councillors that the ward should be split down the centre. However, we do not agree with the one ward councillor who thinks the halves should be named, to the East 'The Ridge' ward and to the West 'Redhouse' ward. Several names were put forward at our latest Full Council meeting and the only names receiving any votes at all were 'St Andrews East' ward and 'St Andrews West' ward because our residents already have a sense of belonging to St Andrews which was named after the parish church whose area covers the whole of the current ward/parish.

Thank you for allowing us to put our views forward and also considering them.
